

ZYVORAI LABS · CUSTOMER DOCUMENTATION

cloud-netconfig

Customer Documentation Overview

2026-08-29

Automatic network configuration for cloud VMs — secondary IPs, routing tables, and policy-based routing from Azure, AWS EC2, and GCP instance metadata.

You want to...	Open
Install and verify	Getting Started
Configure the daemon	Configuration
Run common jobs	Workflows
Deploy / systemd / API	Admin basics
Full topic index	PAGE_INDEX.md

Printable PDFs

```
node scripts/customer-docs/build-customer-pdfs.mjs
```

Output lands in [pdf/](#) :

- `cloud-netconfig-Customer-README.pdf`
- `cloud-netconfig-Getting-Started.pdf`
- `cloud-netconfig-Page-by-Page.pdf`
- `cloud-netconfig-Admin-Basics.pdf`

Also available: [Using cnctl \(CLI\)](#).
